

## English

In Literacy we will be continuing to develop phonic knowledge, teaching a range of new sounds from Letters and Sounds Phase 5. These skills will be applied through descriptive story writing, as well as speaking and listening skills through role play.

This term we will be focusing on traditional tales. We will pay particular attention to sentence structure and punctuation, as well as practising using adjectives and conjunctions.

# YEAR 1 AUTUMN 2018

## Mathematics

We will be exploring number, teaching the children to count, read and write with numbers; to 20; in numerals and words.

We will learn more about addition and subtraction as well as practising number bonds to 20.

We will use practical activities to learn about measuring and 2D and 3D shapes referring to their properties.

## R.E.

This term we will be learning about baptisms and birthdays. In December we will be learning about the first Christmas.

## PSHE

We will be looking at new beginning and belonging, emotions, family and friends, and different strategies for getting on and not falling out.

# FAIRYLANDS

## Computing

We will become storytellers by producing our own video recordings. We will begin to understand and use digital devices.

## P.E.

We will be developing our ball skills and learning various 'Fairy tale' dances.

## Creative Curriculum

We will be immersing ourselves into our topic, visiting Sundown Adventure Land, dressing up as our favourite fairy tale character and designing our own fairy tale house.

Science will focus on learning about plants and materials. History will focus on old and new homes and in geography we will describe locations.

Music will focus on exploring pitch, notation and composition.

### English

We will use non-fiction texts to discover information about space, write fact files and also become reporters, writing and filming our own news reports.

We will focus on punctuation; question marks and exclamation marks and capital letters for people, places and days of the week. We will continue to use our Phase 5 phonics to help spell words in different tenses.

**YEAR 1  
SPRING  
2019**

### Mathematics

We will be focusing on number bonds to 20 and how they relate to subtraction facts.

We will be adding and subtracting 2-digit numbers to 50.

We will learn to tell the time to o'clock and half past.

We will compare, describe and solve practical problems for time, length and capacity.

### R.E.

We will be learning about children from Christian, Jewish, Sikh, Muslim and Hindu families and discussing the similarities and differences they share.

### PSHE

We will be focussing on working together and achieving goals, as well as healthy lifestyles.

**ALIENS**

### Computing

We will develop our understanding of internet safety. We will use paint tools to create pictures, as well as save, retrieve and print work.

### P.E.

We will focus on balancing and sequencing through gymnastics.

### Creative Curriculum

Immersing ourselves in our topic, we will be designing and constructing a space ship using a variety of materials.

In Science we will learning about the human body and discussing the five senses. In History we will study Neil Armstrong and his achievements and in Geography we will use maps, atlases and globes to identify oceans, countries and continents.

In Music we will further develop pitch and beat and extend notation recognition.

## English

We will write non-chronological reports and a sea-side story.

In addition to this we will write instructions for preparing sandwiches for our picnic on our 'WOW' day.

We will read a variety of sea themed poems and use these as inspiration to write our own poetry.

# YEAR 1 SUMMER 2019

## Mathematics

We will solve one-step problems involving multiplication and division by calculating the answer using concrete objects, pictorial representations and arrays.

We will recognise, find and name a half as one of two equal parts of an object, shape or quantity.

We will compare, describe and solve practical problems involving money.

## R.E.

We will be learning about Christian weddings and how they compare to weddings from other cultures. As part of our WOW wedding day we will visit St. John's Church in Werrington.

## PSHE

We will be learning about diversity and communities and also personal safety.

# THE SEA

## Computing

We will be learning to word process short texts to show others. We will also be learning to record sound at and away from a computer. We will also continue our work on internet safety.

## Music

We will continue to explore beat, experimenting with IT using 'SoundOScope'.

## Creative Curriculum

We will be using our creative skills to design and make a lighthouse. In Science we will be carrying out an investigation to classify animals. In Geography we will be learning to identify seasonal and daily weather patterns. In History we will find out about seaside holidays from long ago and learn to ask and answer questions relate to different sources and objects.

We will also be looking forward to visiting the Sea Life Centre in Hunstanton.
