

What do you think the future will be like? Write an account of Werrington in 100 years time (e.g. what sort of clothes might people wear? What type of transport might there be? What will buildings be like?).

Draw a map of your route from home to school. Use symbols to represent some of the features. Add a key to explain the symbols.

Visit a place of natural beauty with an adult (this could just be a park). What plants and wildlife can you see? Create a table of the different plants and animals you find. Take some photos of the scenery.

Draw a bar chart or pictogram to show which room in your house has the most light sources.

Year 3 - Wonderful Werrington

Create your own board game of your local area. Remember to write a set of instructions so your friends know how to play!

Create a picture of your house using a media of your choice.

Find out about a famous person who lived in Peterborough. Create a fact file about them

Draw a picture/diagram of a flowering plant and then label all of the different parts. Can you name the parts inside the actual flower? Research and write down the function of the different parts of a flowering plant.

Find examples of homes from different time periods in your local area. Make a photo collage with some information to show what you have found out.

How many different ways can you exercise and stay fit and healthy in your local area? Take photos and label them to show where you exercised.
