Well I cannot believe we are approaching the half term already, where does the time go!

It's great that we are all back together again giving children the opportunity to make friends with children from other year groups and siblings. It's fantastic to see the older children helping and supporting our younger ones who by the way have settled in at the Hive Club amazingly well.

The children have been taking advantage of the weather we've been having and taking part in lots of outdoor activities from playing tennis, rounders and cricket to making their own kites, paper mache footballs and working together to solve clues for a treasure hunt, lots of fun had by all.

The children have created their own favourite puppets or characters from felt and have put their sewing skills to practice.

The theme chosen by the children for this term was all about the ocean, we have been creating our own sea creatures, making our own marine fish tank out of junk modelling, we've been learning about the various plant life, looking at the different kinds of fish and mammals and even finding out about the different organisms that live in the ocean. It has been fascinating.

Our theme when we return will be "space" We will make and paint all the planets in the solar system from paper mache, create a rocket out of large boxes, bake our very own rock cakes, make galaxy playdough and take part in a space scavenger hunt plus many more space related activities.

Everyone takes part in our daily quiz/riddles and I have to say they are brilliant (I need to make it harder for next term)

EXCITING NEWS Our new build is ready for us to move into when we return back from the half term (1/11/2021) it looks absolutely fantastic, I have attached some photos for you. The children are very excited and can't wait to get in. After the half term holiday a gate code card will be issued to the OSC parents/carers. Access to the new building will be via a doorbell where a member of the team will greet you.

IT'S GOING TO BE AMAZING

A few reminders for everyone

If you previously paid via BACS, please can you ensure that you log into your parent pay account to make your out of School Club payments from now on. If you do not have an account or are unsure how to use it, please speak to a member of our office staff who will be able to assist you. Thank you.

Can I please also remind all parents/carers that you MUST accompany your child through the school gates (breakfast club) and not dropped off at the schools roundabout or in the schools car park. This is also an opportunity for any important information that may be needed to be shared with you and for collecting your invoice. Have a great half term, we look forward to seeing you in the Hive Community Build.

Thank you

From The Hive team
